Dice-Academy

Front-end developer Internship:

I am currently working on a front-end project for an e-commerce website at Dice Academy. Through this project, I have gained extensive knowledge and hands-on experience with various technologies and hands-on experience with various technologies, significantly enhancing my web development skills.

Leadership

Qriocity Ventures Private Limited

During my internship at Qriocity Ventures Private Limited, I was tasked with **leading a group of five interns** to enhance the job recommendation algorithm used in the company. On a daily basis, I would organize and lead stand-up meetings so that all of us were able to track progress and *keep good communication*. A prepared project plan enabled clear assignment of tasks according to the strength of the individual.
